DISCIPLINED EXECUTION FOR HIGH-CONSEQUENCE TREE, VEGETATION, LAND, AND STORM OPERATIONS

Sentinel Arbor Group supports government, commercial, institutional, and infrastructure sites with safety-first planning, controlled production, professional site protection, documentation, and scalable project-specific field capacity.

PRIMARY NAICS
561730

CAPACITY MODEL
Owned • Rented • Qualified Partners

SERVICE AREA
Middle TN • Fort Campbell • Southern KY

CORE CAPABILITIES

- **Technical tree operations** — Hazardous and complex removals, precision pruning, clearance work, and tree-risk mitigation.
- **Emergency and storm response** — Access-route clearing, storm debris removal, emergency tree work, and post-event hazard mitigation.
- **Vegetation and right-of-way** — Roadside, utility-corridor, facility, grounds, and access-area vegetation management.
- **Land and debris operations** — Land clearing, site preparation, brush removal, stump grinding, material handling, hauling coordination, and cleanup.
- **Contract execution** — Estimating, job planning, safety coordination, quality control, daily documentation, and subcontractor oversight.

SPECIALIZED EQUIPMENT ACCESS

ALBACH CHIPPER

TWO SENNEBOGEN 718 TREE HANDLERS

Multiple chippers and bucket trucks • material-moving equipment • professional rigging systems

Project-specific access through established partner relationships; availability is confirmed before bid.

WHY SENTINEL

- **Mission-ready leadership** — 20 years of Army planning, readiness, accountability, and emergency-operations experience.
- **Safety before profit** — Stop-work authority, disciplined risk control, and no unsafe shortcuts.
- **Professional execution** — Clear communication, property protection, documentation, and controlled closeout.
- **Scalable delivery** — Project capacity aligned through owned, rented, and qualified partner resources.

CREDENTIALS & ALIGNMENT

SBA VetCert — Certified SDVOSB and VOSB

TCIA — Member 295689 | current through January 31, 2027

ACRT — Basic Arborist Training completed March 29, 2024

EHAP — Electrical-hazard awareness training

OPERATIONAL DEPTH BEHIND THE COMPANY

SENTINEL ARBOR GROUP — Completed two local tree-service projects under its current business identity. References and supporting details are available upon request.

TREVOR SCHETROMPF | OWNER, FOUNDER & KEY PERSONNEL — Former Crew Leader and Heavy Equipment Operator with a high-volume tree service; experience includes complex removals, pruning, Sennebogen 718 production, and North Carolina hurricane cleanup. Brings 20 years of U.S. Army operations leadership, emergency response, COR contractor oversight, and participation on a panel evaluating a \$90 million installation-security contract.

Prior-employer and military experience is presented as key-personnel experience, not SAG past performance.
